

EVA QNEVA

Digitalization of Society & Digital Immortality

"To die, to sleep. To sleep, perchance
to dream."

Hamlet

Digitalization of Society – A First Step?

- Our society is becoming more and more digitalized and remote.
- This offers more freedom, flexibility, and independence.
- People spend more and more of their lives online.
- How has digitalization affected your life?

```
elif operation == "MIRROR_Y":
    mirror_mod.use_x = False
    mirror_mod.use_y = True
    mirror_mod.use_z = False
elif operation == "MIRROR_Z":
    mirror_mod.use_x = False
    mirror_mod.use_y = False
    mirror_mod.use_z = True

# select on at the end -add back the deselected mirror modifier object
mirror_ob.select = 1
modifier_ob.select = 1
bpy.context.scene.objects.active = modifier_ob
print("Selected" + str(modifier_ob)) # modifier ob is the
```

Advantages & Disadvantages of a Digital Society

Digitalization of Society
Can it go too far?
Can it be stopped?

The Future of our Digital Society

- What kinds of things do we do today offline that will possibly go online in the next 5-10 years?
- Will certain things always be offline? Can you be so sure? Explain.

A person's silhouette is shown from behind, with their arms outstretched horizontally. They are looking up at a vast, starry night sky. The Milky Way galaxy is visible, stretching across the upper half of the frame. The stars are numerous and vary in brightness, creating a deep blue and black background. The person's head is in the lower center, and their arms extend towards the left and right edges of the frame.

Digital Immortality

- Is it possible that our consciousness is uploaded or transferred to a machine?
- Would it still be "us?"
- Would you want to consider such a thing?
